**Title:**

Supplied Equipment warranty claim limitation before OG

**Subtitle:**

equipment warranty claim limitation before OG

**A submission from:**

FRA

**Purpose or Objective**

In case of supplied equipment before OG - multi packs supplied for the Olympics 2024, this submission is to clarify a limitation of warranty change in case of breakage during the period before OG.

**Proposal**

If the "supplied multipack" option is confirmed, sailors will be able to apply for a warranty only once per item for the following items :

- sail mast
- sail
- foil mast
- front wing
- back wing
- fuselage

The period for which this rule applies is defined as follow :

from the date when each country will receive their equipment until the day 1 of the opening of the Olympic venue.

Note : If an item is damaged because of a bad usage of it (such as hitting a rock), this is not considered as a warranty case and therefore the case will be dismissed.

**Current Position**

There is no case law on this in iQFOiL

**Reason**

Asking for only one claim seems to be fair if multipack supplied is confirmed as each sailor can also use the rest of the multipack equipment supplied.

With this limitation we reduce the possibility of an abuse regarding too many warranty claims to choose the right items before the Olympics.
