Title:

Races per day

Subtitle:**A submission from:****Purpose or Objective**

Setting a maximum number of races per day to ensure the safety of the sailors and encourage efficient use of time and maximise quality racing for time spent on the water.

Proposal

To add to the 2021 Race Management Policies v9 a maximum number of races

7. Maximum Number of Races per Day

7.1 The maximum number of races to be sailed per day is four (4).

7.2 Any combination of category (whether Marathon, Fleet or Heat) of race can be sailed so long as the maximum number is not exceeded.

Current Position

The 2021 Race Management Policies v9 currently does not set out a maximum number of races per day.

Reason

This limits the number of races such that sailors will not spend unreasonable amounts of time on the water relative to time racing. It is also important for athlete health and safety.

In addition, given that the Medal Series resets all points to 0, there is no need to complete such a high number of races in regattas.
