Title:

Discard during competition

Subtitle:

Number of discards allowed

A submission from:**FEVOILE****Purpose or Objective**

Revision of numbers of discards if the maximum number of races per day is 4

Proposal

When 4 races a day is planned along the event, there should be discards as below :

- More than 3 races : One discard
- More than 9 races : Two discards
- More than 15 races : Three discards

Current Position

The current Race Management Policies do not have a clause on discards.

Reason

If class races policies allow 4 races a day, numbers of races during the championship will be less and there are less discards needed. The space between the discards allow to run qualification with an early discards, and then gives discard towards finals every 6 races. This number should help limited numbers of General recall in slalom by having more pressure on the fleet.
