Title:**Amendment to Class Rules – C.8.1(f)****Subtitle:****Sanding of foils****A submission from:****The iQFOiL Executive Committee****Purpose or Objective**

To permit a class rule change to be added with regards to the sanding of foils.

Proposal

To add the following class rule via the Notice of Race for the iQFOiL World Championships 2022.

New Class Rule C.8.1(f) - **Sanding** is permitted without restriction within 4mm of the trailing edge and 2mm of the leading edge of any appendage provided that the outline of the foil is maintained. The tips are considered to be the leading edge. C.8.2(a)(ii) does not apply to the above areas.

Current Position

No current rule

Reason

It is understood by the Executive that equipment has been sanded and repaired on the leading and trailing edges. The reasons for this vary and the equipment may be supplied with inconsistencies from the factory. The proposed rule change looks to allow for minor corrections or repairs of equipment on the most exposed parts of the foils. It does not permit sanding of all foils without limitation and beyond the 4mm and 2mm limitations as per the proposal and the current limitations in the class rules apply.
