

iQFOiL Class AGM 2022

SUBMISSION FORM

The deadline for submissions is **2400 hrs UTC on October 25th 2022**

This submission form shall be used as the format for your submission, saved as a PDF and sent by email to: info@iqfoilclass.org

Please read the following notes carefully before completing the Submission Form.

- In accordance with the Class Constitution Article # 6.10 a submission shall be sent by e-mail to the Class Executive Secretary (info@iqfoilclass.org) by the iQFOiL Class Executive Committee.
- To make your submission as clear as possible, the original exact wording received on submission forms shall be retained in the final formatted submissions. However, if wording is unclear the Class will consult the originator for clarification.
- Please click in the highlighted boxes in the Form below to insert the purpose or objective, the proposal, the current position and the reasons.
- If the submission proposes new policy, please insert the wording in full in the "Proposal" section and also complete the "Current Position" and "Reason" section.
- If the submission proposes a change to existing Articles, Regulations, the Racing Rules, or other Class or World Sailing Codes and Rules, please insert the current version in the "Proposal" section highlighting new wording as **bold and underlined**, and text to be deleted as ~~double struck through~~. The words "as above" should then be inserted in the "Current Position". Clearly defined reasons should be inserted in the "Reason" section.
- The font and size for text in submissions is Arial 11pt
- The font Times New Roman 12pt should only be used when inserting current wording or new wording proposals to amend the Racing Rules of Sailing.

Authorisation to make a submission <i>(Only a duly authorised person may make a submission. Please detail name of authorised person)</i>	
Country Code: <i>(eg. AUS)</i>	HUN / EXECUTIVE COMMITTEE
Name of Authorised Person:	Lorand UTASSY
Position: <i>(Position in NCA)</i>	Executive Committee member
Contact Email:	hun071@gmail.com
Date:	25 / 10 / 2022
<i>All submissions will be acknowledged. If you do not receive an acknowledgment or you need any further information about the submission process, please contact info@iqfoilclass.org</i>	

Title:

Amendment to Class Rules – C.8.1(e)

Subtitle:

Modification to fuselage/mast foil connection

A submission from:

The Executive Committee

Purpose or Objective

To permit modifications to the mast foil base/fuselage connection where there is movement between the two components.

Proposal

Amend class rule C.8.1(e) to read as follows;

C.8.1(e) The plastic cap covering the foil mast that goes in the fuselage may be trimmed flush with the fuselage. ~~and sanded in its bottom side for the purpose of aligning lateral foil mast and fuselage holes.~~ The foil mast that goes into the fuselage may be shimmed. The plastic cap may be **sanded**. The alignment of the foil mast and the fuselage shall not be altered from the action of shimming or sanding – the purpose of such actions are to allow for a secure fit only.

Add new class rule C.8.1(f) to read as follows;

C.8.1(f) The fuselage connection screw holes (in the side of the fuselage) may be modified to align the fuselage screw holes with the mast foil screw holes.

Current Position

See above.

Reason

There are minor manufacturing tolerances in both the mast foil and the fuselage such that the fitting of these two components does not always allow for a perfect fit. The proposed changes allow for the shimming of the mast foil/fuselage connector, the sanding of the plastic cap and the adjustment of the lateral screw holes such that minor modifications can be made to ensure good alignment.
