**Title:****Amendment to Class Rules for the 2022 World Championships****Subtitle:****Sanding of foils****A submission from:****The iQFOiL Executive Committee****Purpose or Objective**

To permit a class rule change to be added to the Notice of Race for the upcoming iQFOiL World Championships 2022 with regards to the sanding of foils.

**Proposal**

To add the following class rule via the Notice of Race for the iQFOiL World Championships 2022.

New Class Rule C.8.1(f) - Sanding is permitted without restriction within 4mm of the trailing edge and 2mm of the leading edge of any appendage provided that the outline of the foil is maintained. The tips are considered to be the leading edge. C.8.2(a)(ii) does not apply to the above areas.

**Current Position**

No current rule

**Reason**

It is understood by the Executive that equipment has been sanded and repaired on the leading and trailing edges. The reasons for this vary and the equipment may be supplied with inconsistencies from the factory. The proposed rule change looks to allow for minor corrections or repairs of equipment on the most exposed parts of the foils. It does not permit sanding of all foils without limitation and beyond the 4mm and 2mm limitations as per the proposal and the current limitations in the class rules apply.

It is the intention that the same rule change will be submitted for full consideration by the class at the AGM on the 1<sup>st</sup> November.
