Title:

Letter to World Sailing

Subtitle:

A submission from:

NZL

Purpose or Objective

To amend World Sailing's Race Management Policies in accordance with the will of the members

Proposal

The class shall write to World Sailing to communicate that:

- it has erred in its processes by not implementing decisions made at AGM, and
- as a result of the above, the advice that the Class has given World Sailing in relation to race management is not in line with the views of the Class membership; and
- The members request that World Sailing amend its iQFOIL Race Management Policies in accordance with the policies approved by the Class at the 2021 AGM so that those Class policies are applied to World Sailing Events and the Olympic Games.

Current Position

World Sailing has issued Race Management Policies which the Class membership was not consulted on.

Reason

The Class members are best placed to decide what is best for the Class and its sailors and what kind of racing will produce fair competition and good viewership. The policies published by World Sailing have been drafted on the advice of an Executive Committee which has not consulted its members, and not fought for the will of the members as decided by AGM and the class' constitution.
