Title:**Amendment to Class Rules – C.6.1(e)****Subtitle:****Requirements of damage and repairs****A submission from:****The Executive Committee****Purpose or Objective**

To provide clarity about when there is a requirement to repair damage.

Proposal

Add new class rule C.6.1(e) to read as follows;

C.6.1(e) Where an item of equipment is damaged such that it no longer complies with the **class rules**, it shall be repaired at the earliest opportunity and may not be used whilst *racing*.

Current Position

None.

Reason

During the 2022 iQFOiL World Championships, it became clear that a number of items of equipment, predominantly the foils, had become damaged either due to a single incident or simply over a period of time of use (ie the tips on the front foil wearing down). Whilst it is acknowledged that equipment will degrade, this does not permit non-compliance with class rules. The proposed rule change is to highlight to the class that damage should be repaired once an item of equipment no longer complies with the class rules.
